ADDENDUM I

TO: ALL POTENTIAL PROPOSERS

RE: RFP #: 3000019733, Oyster Biologist Services

PROPOSAL DUE DATE: September 26, 2022 @ 3:00PM

I. QUESTIONS AND RESPONSES

1.	Q.	We have been contacted by a client to prepare financial statements on their behalf for their proposal for Oyster Biologist Services. In reading the financial statement requirement, it mentions that audited or reviewed financial statements by an independent CPA are preferred for a three year period. We were wondering if financial statements compiled by an independent CPA would suffice? In a compilation, we (the CPA firm) would prepare the financial statements for the periods requested and issue a letter along with the financial stating we did so. However, a compilation is more cost effective for the client, as it doesn't require the testing procedures that the other methods require.
	A.	Yes, refer to Section 1.10 Volume II – Financial Information for requirements.
